## DRUG-FREE SOLUTION for DOG ANXIETY

- EFFECTIVE
- EASY TO USE
- MONEY-BACK GUARANTEE
- INEXPENSIVE

For Thunder, Fireworks, Separation, Travel, Barking, Jumping, Training and more.

Over 15,000,000 dogs suffer from anxiety in the United States alone! Whenever a dog is anxious, fearful or over-excited, Thundershirt's gentle, constant pressure can bring calm and focus. Most dogs respond with the very first usage. Others may take two or three usages. **Over 80% of dog owners report significantly reduced anxiety symptoms when using Thundershirt.**

### Better Alternative than Medications

Treating anxiety with medications is very often inadequate. Sedatives can help in severe cases, but usually must be administered hours before the anxiety event and the effects last long after the event has passed. Daily-use medications are expensive and risk unwanted side-effects. In contrast, **Thundershirt is effective, risks no side effects and requires little to no time commitment from dog owners.**

## Thundershirt Works!

Over 80% of dog owners report significantly reduced anxiety symptoms when using Thundershirts. Thundershirt's patent-pending design applies gentle, constant pressure on a dog's torso, and this pressure has a dramatic calming effect for most dogs. Pressure has been used to successfully reduce anxiety for many years. For example:

- TTouch™ dog trainers use pressure for a variety of anxieties.
- Veterinarians use pressure to calm cattle for vaccinations.
- People with Autism use pressure to relieve persistent anxiety.
- Swaddling infants.

Thousands of veterinarians and dog trainers now recommend Thundershirts for their anxiety and fear cases.

### Satisfaction Guarantee
